The readings for next Sunday, September 7, are:

- First Reading ..... Ezekiel 33:7-9
- Second Reading ..... Romans 13:8-10
- Gospel ..... Matthew 18:15-20

In the first reading Ezekiel has been appointed by God as "watchman". Such a person had to keep watch and warn the city of approaching danger. For Ezekiel, personal responsibility is important. The prophet must warn individuals as well as the group. The Gospel reading treats this same theme. Matthew is the only Gospel writer to speak of relationships and responsibilities within the Church. He also offers practical guidelines for fulfilling these responsibilities. Serious community decisions are to be made only after serious prayer. Wisdom must be sought from God and from the presence of Christ in their midst.

**Life Focus:** Relate a time when you hurt someone and the person confronted you about it. How did you feel and how did you respond?

**A word from \_\_\_\_\_  
\_\_\_\_\_ your Pastor...**

Well, now it is official: from June 17th until this weekend I was technically the parish administrator. As of Saturday, August 30th, I am now the pastor. My thanks to Bishop Hermann for joining us this weekend to install me as the pastor of Our Lady Queen of Peace and to all of the people involved with the celebration, especially Fr. Don, the deacons, Bob Ellison, the servers, the Parish Council, the Finance Committee and the Home and School folks who hosted the reception after Mass.

Someone was asking me this past week as to how to feel a part of the parish, and my answer was to get involved. Now that the school year has begun I would encourage our full-time school parents, our PSR parents, new parishioners and even long time parishioners who feel a little on the fringe of things at times to give a little of their time and get involved with something: a group, organization, committee - something. Being involved helps everyone, but especially yourself. You get to know more people, you know what is going on in your parish and it gives folks a greater sense of ownership. Our Festival of Ministries will be held in September, this is a great time and opportunity to look around and see what you might be interested in becoming a part of and taking interest in, giving a little of yourself back for the work and ministry of the larger parish.

Finally, I will only mention 2 parish picnics in this column or at Sunday Masses, and 1 of them is this weekend. Looking for something to do on Sunday afternoon, August 31st? St. Rose of Lima (my home parish) is having its annual parish picnic at the Knights of Columbus Hall grounds in De Soto.

Peace,  
Fr. PC

**STEWARDSHIP**

*"What profit would there be for one to gain the whole world and forfeit his life?"* (Matthew 16:26)

St. Francis of Assisi once said, "Remember, you are what you are in the eyes of God, and nothing else". We often forget this stewardship wisdom when we spend all of our time, talent and treasure to gain more of things of the world. Instead, we need to learn to set our priorities based on God's values and not the values of the material world.

## YOUTH MINISTRY

### Are You a Helicopter Parent?

What is a helicopter parent? It is a term used to describe parents who try to make sure their child doesn't ever make a mistake, feel pain or suffer consequences. Helicopter parents are always hovering over their child trying to think for them and give them "protection" from the hardships of life. In today's gospel, Peter is being a "helicopter" friend to Jesus. He is telling Jesus that you don't need to suffer for us. Jesus response is "get behind me Satan". Jesus is not calling Peter, "Satan", but He is rebuking the temptation Satan has spoken through Peter. The temptation to take the easy and pain free road. Jesus knows the Father's plan for our salvation and that plan involves suffering.

Teens need us, as parents, to support them in the good times and the tough times. Teach your teen how to problem solve and let them practice problem solving on their own. When your child was small you taught them how to ride a bike. They first had to fall down before they learned to succeed at riding. Life is the same. We must set clear guidelines and expectations for our teens. If we allow our teens to own the consequences for their choices, they will soon make choices that have positive consequences even if they are uncomfortable choices. We all learned how to ride a bike by falling down and it is the same with life. We learn how to live with integrity and responsibility by falling down and getting back on the bike of life. Parents, trade in your helicopter for a bike. Enjoy the great ride of parenthood!
